BRING YOUR OWN DEVICE

Welcome to Learning with Technologies' BYOD Programs.

Learning with Technologies (LWT)
is one of the largest education
IT providers in Australia.

What do we do?

Learning with Technologies provide complete technology solutions for schools and their students requiring educational devices, hardware, STEM products and Bring Your Own Device (BYOD) Programs.

LWT support educational leaders to develop strategies and solutions to manage the use of technology devices in educational environments.

We have shipped over 30,000 devices to parents via our BYOD Programs.

We have the right experience, knowledge and partnerships to offer the best devices for student use at the best education pricing.

We offer our entire range of devices from Acer, Lenovo, Microsoft and HP that are suitable for students.

Our range of notebooks and tablets from value devices to the high end to meet the students needs with a combination of warranty, insurance, payment and finance offerings.

OFFERINGS

Commercial Grade Devices

The devices we offer via our portals are commercial grade that you won't find in a retail store. Built to a higher quality and most coming with 3 year warranty options they are designed to last longer than their retail counterparts.

Easy Graphical Comparison

To help parents choose the right device we use easy to understand graphic icons to help parents compare units using a side by side comparison of key specifications to help their choice.

Hassle Free Quick Onsite Servicing

The student environment often leads to a higher number of repairs. Onsite support at the school greatly reduces frustrations for parents. Getting a retail device repaired usually takes weeks and quite often requires the parent to take time out of their day.

Accidental Damage Protection

We offer well priced insurance options that give Accidental Damage protection with quick repair times. We use Manufacturers Insurance to help guarantee parts availability.

OFFERINGS

\$100 Deposit to Secure a Device

We offer parents a \$100 deposit option to secure a device and let them pay much closer to the delivery date.

12 Month Interest Free or 36 Month Payment Plans

We recommend 36-month payment plans that are approved online via Latitude. These plans not only help spread the cost for parents but are designed so the device is fully paid for at the end of the 36 month period.

Quick Delivery

Many education devices are considered to be a special build and often have lengthy lead times. LWT work with our suppliers and bring in thousands of devices upfront so students can have them in a week rather than months.

Wide range of payment options

We provide a wide range of online payment methods. Please note Credit Card and PAYPAL payments incur a 1% surcharge.

Pick up close to home or work

Our site lets parents pick their Auspost Collection Point so they can choose to pick the device up near home or near their work which ever is easier for them (must be decided by the school).

Dedicated BYOD Hotline

To ensure parents calling us get to the right person, we have a dedicated hotline just for BYOD related calls. Parents can call us with ordering, payment and delivery enquiries on 1300 839 605.
